Metric Definitions

Field	Definition	Notes
Mobile phone use	Number of fines issued for using a mobile phone and/or portable devices while driving.	Tasmania: Mobile speed cameras were enhanced to detect seatbelt and mobile phone offences from August 2023. Missing data: 2024 Victorian data volumes were low because of Protected Industrial Action (PIA)
Speeding fines	Speeding fines capture the offending vehicles that are speeding over the legal speed limit. The department collects both Auto camera enforcement and Manual enforcement.	Manual enforcement was collected from 2017.
Unlicensed driving	Number of fines issued for not having a valid license while driving. This is a new field collected for data reported from 2023.	Queensland: Fines reported include both arrests and charges, as these cannot be separated. Missing data: 2024 Victorian data volumes were low because of Protected Industrial Action (PIA)
Non-wearing seatbelt	Number of fines issued for non-wearing of seatbelts and unrestrained passenger offences.	Tasmania: Mobile speed cameras were enhanced to detect seatbelt and mobile phone offences from August 2023. Missing data: 2024 Victorian data volumes were low because of Protected Industrial Action (PIA)
